WORKFORCE STRATEGY

CareerConneCT Grant Application  
Notice of Rubric Evaluation Update  
May 26, 2022

Dear Applicants,

The Office of Workforce Strategy has made two substantive changes to the scoring criteria applied to the recently reviewed CareerConneCT Grant applications.

Two questions have been removed from the scoring rubric and have not been considered as part of the evaluation process:

1. Does the proposal mention any commitments of public or private matching investments?
2. Does the application include a narrative detailing how the program will be sustained after CareerConneCT funding has expired?

While proceeding with the Evaluation process, it was found that these two questions created an inequality for funding Applicants as it worked in cross-purpose to the intent behind the American Rescue Plan funding.

Although the questions were removed, applications still require an 85% to be accepted.

Best,  
The Office of Workforce Strategy
